<div align="center">**Team Meeting**
Meeting Minutes
August 23, 2014</div>

Opening:
The meeting was pre-scheduled to held on 23/08/2014 at 2:00PM. It was rescheduled to held on 9:00PM.

Present:
Adhish Singla, Nitish Jain, Romil Aggarwal, Shivam Khandelwal

A) Agenda

Prototype display and current status discussion.

B) Important Points

- A demo on how the NLPK library work was displayed by Shivam.
- The program to categorize all words in a sentence to Nouns, Verbs, etc. was shown by Shivam and Nitish.
- The present status of Adhish and Romil was kept on learning Qt library.
- Knowing the requirements, Nitish also displayed a script using sox library for Noise reduction and the accuracy he was getting using it. (As tested on different samples taken by him only)
- Adhish and Romil were asked to start building the GUI.
- Nitish was moved from Tool 1 to Tool 2 as it required more resources.
- It was decided to have weekly meeting (must attend) on Saturday 2:00PM.

C) Adjournment

At 10:20 PM, the meeting was adjourned.
